

EquiPlus AI

THE AI-POWERED ETHICAL INVESTMENT COMPANION

Invest with intelligence. Invest with your values.

PSX · GLOBAL · SHARIAH · BDS

WHY

Money should follow conscience.

Democratize institutional-grade intelligence; invest by values.

HOW

Routed data. Ethics in the reasoning.

n8n routes PSX and US feeds · Gemini reads filings · daily BDS sync.

WHAT

One dashboard, three modules.

Screener · Analyst · Portfolio in PKR or USD, English and Urdu.

Investors want returns
and a clear conscience.

P&L only

Global brokers show profit, not principle.

Halal only

Faith screeners stop at Shariah.

Local only

PSX terminals lack AI and global reach.

No single product unifies ESG · Shariah · BDS with AI across two markets.

Four tiers. One gap.
